

ELLIPSE MAINTENANCE AUTOMATION

# Let Ellipse Maintenance Automation Help!

Immediately respond to residents 24/7. Provide follow-through and protect your reputation.

Work orders don't stop at 5 PM. Missed contacts, slow follow-up and silence after a repair drive complaints, bad reviews and turnover. **Ellipse closes the loop:** it confirms every resident is satisfied with the repair and escalates to onsite management for a revisit if they're not.

## Experience the **Ellipse** Impact:

Our automation keeps every work order moving:

**24/7**

Work-Order Intake

**100%**

## Why **Ellipse** is Your Competitive Edge:

### For Property Owners:

-  **Protect Your Reputation:** Faster response means fewer angry calls and bad reviews.
-  **Reduce Turnover:** Residents who feel heard renew more often.

### For Property Managers:

-  **Immediate 24/7 Intake:** Every request is logged the moment it comes in.
-  **Optimize Staff:** Free your team to focus on completing repairs.

### For Maintenance Teams:

-  **No More Guesswork:** Every ticket arrives pre-triaged and prioritized.
-  **Clear Dispatch Queue:** Spend your day fixing things, not chasing voicemails.

## Key Features That Drive Results:

- ✓ **24/7 Work-Order Capture:** Instantly logs every maintenance call from any channel, day or night.
- ✓ **Intelligent Triage:** Automatically categorizes and prioritizes issues so urgent repairs surface first.
- ✓ **Closes the Loop:** Confirms each resident is satisfied after every repair and escalates to onsite management for a revisit if not, until the resident is satisfied.
